

Systematic theology is the greatest of _____.

2 Ti 4:1-5

People want _____ without _____

Information without _____

Religion with _____

Doctrine is teaching.

Systematic Theology is the system by which the doctrines (teachings) of the Bible are presented in a _____, clear and orderly manner.

As no Doctor would abandon his books of anatomy and therapeutics, so no preacher or Christian worker abandon Systematic Theology.

There is no substitute for the knowledge presented in the Word of God.

There is limitless spiritual content in the Bible, but it is not naturally discerned (1 Cor 2:14)

There are only certain attributes of God that the natural (unregenerate) mind can understand (Romans 1:20)

The natural capacities of the human mind can't grasp the 'deep things of God' and just doesn't function in the realm of spiritual things.
